Huntington Beach, Ca. 92649

Dear Wendy:

I was fortunately advised by Linda Roof, R.N.E.T. at UCLA about the availability of Calmoseptine ointment for patients with severe perianal dermatitis related to incontinence or diarrhea. Since her advice and your kind furnishing of samples, I have treated many patients with Calmoseptine with extremely good feedback. Patients have good acceptance of this product as far as the physical characteristics and also are happy with its effectiveness in treating the condition. I am continuing to advise several patients per week to purchase this product and would like to thank you again for your kind furnishing of samples.

Sincerely,

*Stephen [REDACTED]*
