Dear Wendy:

Thank you so much for the sample of Calmoseptine lotion. My very beautiful daughter came down with a very fast case of diaper rash from daycare. By the time I got her home they were blisters. It was horrible, she was in a lot of discomfort.

I applied the Calmoseptine & could hear her sigh of relief immediately. For me, it cleared her diaper rash completely overnight.

A dash to you Wendy & do Calmoseptine. Thank you; thank you.  
Sincerely,

Robin J.
