Calmoseptine, Inc.
Attn: Wendy
Huntington Beach, CA 92649

Dear Wendy,

I am writing to let you know how much I enjoy your product.

About 3 years ago, my son had a diaper rash. It was so bad that his doctor prescribed an antibiotic cream. The cream did not work. My grandmother sent me Calmoseptine, and it cleared my son up really fast. My grandmother had used Calmoseptine on my grandfather, who was in a nursing home.

I had a baby girl on September 1, 1994. She has really sensitive skin and gets diaper rashes all the time. I've tried Desitin, and it won't keep her clear. I use Calmoseptine on her every night, and she rarely gets real red anymore.

I just wanted to say thank you for such a great product.

Sincerely,

Marinell
