ATTENTION: WENDY DIXON

Dear Wendy,

Thank you for returning my telephone call regarding retail stores that carry your product in my area. I have not had the opportunity to contact them yet, but I plan to do so as soon as I have a spare moment!

Your product is the only over the counter medication I use to clear up my children's skin irritations and it works wonders. My one year old has been having a problem with diaper rash the last few weeks - calmoseptine is the only product that keeps her skin healed. It is also the only product I use for any irritations on their sensitive skin.

Thank you for your time and information. I appreciate your helpfulness. I wish you and your business much success in the future.

Sincerely,

Christina [redacted]
