Dear Mrs. Dixon,

Two years ago I had an ileostomy pull-through operation. While I was in the hospital recuperating I was introduced to your product. I have used it continually since that time and I am very pleased with how well it works. I recently made a trip to the Orient including China, Thailand, Singapore, and Bali and having Calmoseptine along helped keep me comfortable. If I had one complaint it would be that not enough stores carry your product.

In closing I'd like to thank you and your company for continuing to make such a high-quality product .

Sincerely,

Donald B. Murray
