Dear Wendy,

My name is Sharon [redacted] and my mother spoke to you on the phone after I was in the hospital. I was given some Calmoseptine and didn't use it right away. I got to the point where I decided to try your product and I couldn't believe how wonderful it is. It is the best ointment I have ever used. I think it is the cooling effect I like the best. I have Crohn's and have many problems in that area - I have tried alot of products - water, Baby lotion, Baby oil - witch hazel and every product for hemroids there is -

My mother Betty [redacted] had a list of where I can get more Calmoseptine but I have misplaced it. Please let me know where I can get more.

Thanks
so much -

Sharon [redacted]
