Re: Calmoseptine Ointment

To Whom It May Concern:

THANK YOU VERY MUCH FOR YOUR GREAT PRODUCT!!

On November 3, 1997, my mother a resident of Guam, had emergency surgery. By the time I arrived on Guam, to take my mother home from the U.S. Naval Hospital, my Rosacea (adult acne) usually limited to my nasal area, almost covered my face.

Naturally, the naval surgeon commented on the rash on my face. When I explained my problem with nerves and Rosacea, he immediately went to the staff dermatologist, then returned with a tube of Calmoseptine ointment. After he reviewed the instructions for using the ointment, he sent me on my way.

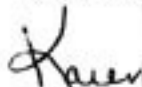

Much to my surprise, within two days, my face had cleared up---thanks to your ointment.

As I explained to Kim, during my telephone conversation with her this morning, I just introduced the ointment to my boss today. Hopefully, he will have the same success with his Rosacea.

Thanks to your staff for advising me where to purchase your ointment. I will certainly have my local Thrifty Rite Aid drug store order your ointment for me.

Thank you again for your great product.

Sincerely,

Karen [REDACTED] Pension Supervisor
