

Dear. Meg Dixon,

I enjoyed our talk over the telephone on Tuesday June 29, 1993.

I wanted to let you know just what a wonderful product Calmosiptine is.

My husband and I are both heavy and this ointment works great,

If you have any folds put Calmosiptine on and the rash disappears - also what I like about it is, it isn't greasy and it's like water repellent so it doesn't rub off very fast.

Matter of fact I swear by Calmosiptine. It's GREAT!

Sincerely,
Joyce
